Appearance for "betterment" and 'SAY' examination will not be considered as a separate chance for this purpose. In the case of candidates who have passed the qualifying examination in the second chance, 5 (five) score will be reduced from the Total Grade Value for determining their rank for effecting admission.

Note: (i) For CBSE / ICSE candidates, the marks obtained in Science will be considered for calculating grade in Science in the place of Physics and Chemistry.

(ii) For candidates who have passed the qualifying examination under old schemes, marks will be converted to 9-point absolute scale grade.

2.3. The candidates should be physically fit for undergoing a course of study in Polytechnic Colleges. The candidates should produce a medical fitness certificate, at the time of admission.

3 MODE OF SELECTION

3.1 Selection of the candidates for admission to the Model Polytechnic Colleges under IHRD will be on institution-wise basis. Admission to all the Model Polytechnic Colleges shall be made on the same day.

Selection will be made on the basis of the candidate's performance (grade) in Mathematics and Science (Physics and Chemistry), in the qualifying examination. For those candidates who have passed the qualifying examination under old schemes, marks will be converted to 9-point absolute scale grade. In the case of those candidate who have less than 30% for individual papers (for old scheme prior to grading system) and have the eligibility of higher studies will be treated as equivalent to D+ grade.

3.1.1 Grade / Mark will be converted to point as mentioned below :

Grade	A ⁺	A	B ⁺	B	C ⁺	C	D ⁺
% of Marks	>= 90	>= 80	>= 70	>= 60	>= 50	>= 40	>= 30
Point	9	8	7	6	5	4	3

3.1.2 The Total Grade Value will be calculated by adding all the points thus obtained.

3.1.3 Calculation of **Weighted Grade Point Average**

Weighted Grade Value = Total Grade Value for Physics, Chemistry & Mathematics.

Weighted Grade Point Average = $\frac{\text{Total Grade Value} + 2 \times (\text{Weighted Grade Value})}{\text{Total No. of papers} + 2 \times (\text{Total No. of papers to which weightage is given})}$

Rank-list will be prepared on the basis of Weighted Grade Point Average {weighted grade point – penal point (5 score for second chance candidate)}.

In the case of a tie in the Weighted Grade Point Average arrived as above, candidates with higher score in the Weighted Grade Value (Total Grade Value for Physics, Chemistry & Mathematics), will be placed higher in the ranking; if there is still a tie, candidates with higher score in Mathematics will be placed higher; if there is still a tie, candidates with higher score in English will be placed higher; if the tie still persists, age and proficiency in NCC will be considered in sequence.

3.2 The score declared by the candidate in the application form will be considered for selection; candidates should attach a copy of the score sheet of the qualifying examination along with the application form.

3.3 For the purpose of selection, each Model Polytechnic College will be treated as a separate unit.

- 3.4 Once admitted, transfer from one Model Polytechnic College to another will not be granted under any circumstances.
